

DeFUNIAK.

Special to The Journal.

DeFuniak Springs, Feb. 5.—Wednesday night, the 3rd, the new auditorium was used for the first time, the occasion being the opening of the twenty-fifth session of the Florida Chautauqua. Over two thousand people were present. The building is fitted with electric lights, both inside and out, and as the immense crowd went to the tabernacle, the circle of lights on the tower kept changing from one color to another.
