

REQUEST FOR PROPOSALS

Live Oak Wastewater Improvements

City of DeFuniak Springs, Florida

April 10, 2019

The City of DeFuniak Springs, in accordance with Department of Economic Opportunity (DEO) policy and applicable components of Section 287.055, Fla. Stat.- "Consultants' Competitive Negotiations Act," is requesting proposals from qualified firms to provide engineering project supervision and inspection services relative to the City's FFY 2017 Community Development Block Grant (CDBG) project. The project is composed of replacing approximately 3,000 LF of 8" clay gravity sewer main with 8" PVC gravity sewer main, relining 4 manholes, construction of 12 new manholes, reconnecting approximately 30 sewer laterals, and incidental road surfacing from the installation of the gravity sewer main along Live Oak Avenue West. The total budget is \$700,000 including construction, engineering and administration. Project design documents, specifications and draft contract documents have been completed.

For a copy of the proposal including the solicited scope of services and the evaluation criteria, please contact Grant Administrator Christopher Mitchell at (850) 892-8500, ext. 114 or by email at grants@defuniaksprings.net. You can also access this information online on the Business section of the city's website at www.defuniaksprings.net.
