

City Council Agenda Form

Meeting Date: 01-10-22
 Department: City Council
 Public Hearing: Yes No

For Clerk's Use Only
AGENDA ITEM #

<i>Consent Agenda</i>	<i>Regular Agenda</i>	<i>Closed Session</i>

Presenter: Todd Bierbaum

Request Type: Informational Discussion Action Item

Does this item require legal review? Yes No **City Attorney E-Mail attached?** Yes No

Time Required for Request: 10 Minutes

Agenda Item Title: WWTP Capacity

Subject: WWTP Capacity

Attachment(s):

None

Brief Summary:

As we look to the future in the short-term and long-term, we are on the precipice of massive growth. Because there is a long lead time with the permitting, design and construction of new plants it is vital that the City Council understand our current capacity and discuss future options. It is important that all parties involved in the funding, planning, design, permitting and operation of the plant(s) be involved in these discussions and operate with a single goal, vision and information set. Therefore, it should be required that Public Works, City Engineers (Dewberry), Jacobs (WWTP Contract Operator), Planning Department, Legal and Liberty Partners attend the meeting.

Topics to include:

- Current WWTP Capacity
 - Peak Flows vs Average Daily
- WWTP Capacity calculations
- WWTP North
- WWTP South
- Other possible restrictions on capacity (line size in a particular area) or lift stations that need upgraded capacity.

It is required that all parties **attend the meeting with all relevant data** needed to discuss the above topics as well as other questions and scenarios that might arise from the topics above.

Action Requested:

Motion to direct staff to set a special meeting to discuss WWTP capacity and future growth.
